Packaging Diagram

Package contents

- (1) Open Sign With Power Adapter
- (2) Hanging Hardware Kit:
Silver Hanging Chain

Operation

To turn the switch, use the switch located on the cord.

All sign functions are controlled by the red switch located on the bottom of the sign.

Installation

Mount the sign in an area where it can be easily seen by customers with no obstructions. You will need easy access to an electrical outlet and a clear area in the window for the mounting hardware.

Keep in mind your need to see out the window, and the Customers need for security to see in.
